## Construction to close one westbound Turnpike lane between Interchanges 14A and 14 this weekend

One westbound lane of the Newark Bay-Hudson County Extension of the New Jersey Turnpike will be closed this weekend between interchanges 14A and 14 in connection with a bridge deck reconstruction project. Traffic impacts could be severe during peak travel times.

The lane will close at 9 p.m. Friday, Aug. 19<sup>th</sup>, and remain closed through 5 a.m. Monday, Aug. 22<sup>nd</sup>. Only one lane will get by between mileposts 2.3 and 1.0. To avoid delays, drivers should choose alternate routes, especially from 8 a.m. to 10 p.m. on Saturday and Sunday.

For real-time information about traffic conditions drivers are encouraged to download the SafeTripNJ app for their iPhones or Android devices or call 511 from any telephone. [Live camera views](#) of traffic conditions on the Extension are available on the Turnpike Authority's website, [www.state.nj.us/turnpike](http://www.state.nj.us/turnpike).
